PUBLIC COMMENT:

A member of the audience asked what the Board knows about the gas line coming through the township. Mr. Zingaretti responded that the project is in its early stages. The application has not been made yet FERC. They are currently trying to lay out a route. It is an interstate transmission line so it falls under Federal regulations and not the townships.

Emanuel Posluszny asked how they can get the township to take over their road. Mr. Zingaretti responded that the road would need to be brought up to PennDOT standards.

A motion to adjourn was made by Mrs. Koval, seconded by Mr. Popple. All were in favor.

Respectfully submitted,

Paula Weihbrecht, Secretary
